Part 1: The Nature of Mathematics, Its Learners, Its Policies, and Its Practices 1

 Introduction..... 3

 Paulo Tan..... 3

 Alexis Padilla..... 5

 Chapter 1: The Power of Humanizing Mathematics Education..... 9

 Prospective Teachers at Work..... 9

 Practicing Teachers at Work..... 12

 A Journey into This Work..... 13

 Chapter 2: Expanding the Meaning of Mathematics.....17

 Whose Mathematics and for What?..... 19

 The Tale of Two Paths in Mathematics Education..... 21

 Transforming Mathematics Classrooms..... 24

 Chapter 3: Mathematics Education as a Human Rights Issue 25

 The Role of Human and Civil Rights.....26

 The Algebra Project26

 NCTM’s Equity Principle 27

 Full, Effective Participation and Inclusive Practices 28

 Chapter 4: What are Disabilities? 33

 Disability and Mathematics: Constructions of Disabilities? 33

 The Social and Medical Models34

 Medical Model Domination36

 Response to Intervention (RtI).....38

 The Revolutionary Model..... 39

Part 2: Paths to Humanizing Mathematics of Students with Disabilities	41
Chapter 5: Exploring Disability Knowledge and Identity as Tools for Humanizing Mathematics	43
Challenging the Myth of Disability as Tragic	44
Leveraging Funds of Knowledge and Funds of Identity	46
Implications for Mathematics Classrooms	47
Reflections on How Funds of Knowledge and of Identity Can Be Misused	49
Chapter 6: Powerful Mathematics Goals in the Individualized Educational Plan	51
Leo's IEP: A Promising Work in Progress	53
The Power of Individualized Educational Plans	57
Chapter 7: Building Inclusive Mathematics Classrooms and Communities, and Mathematics of All	59
Isabella, Her Mother, Ms. Peng, and Other Inclusion Allies	60
Years of Resisting Inclusive Practices	60
Allies and Advocates	61
Acknowledging and Leveraging Multiple Forms of Competencies	63
Teaching Ways to Learn and Unlearn From Each Other: Harvesting Funds of Knowledge and Identity	63
Concluding Remarks	67
Afterword	69
Appendix A: Social Media	75
Appendix B: Recommended Books	77
Notes	79
Bibliography	87
